

# BRAINERD DAILY DISPATCH.

BRAINERD, MINN., MONDAY, MAY 13, 1907.

PRICE TWO CENTS

VOLUME 6, No. 292

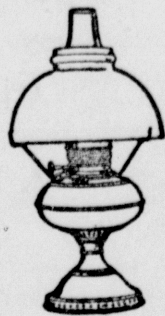

## Kitchen Comfort

The combination of hot meals and a cool kitchen has always seemed an impossibility, yet this happy result is obtained wherever there's a New Perfection Oil Stove in the kitchen. The blue flame produced by the

## NEW PERFECTION Wick Blue Flame Oil Cook-Stove

gives quickest and best results. The New Perfection is different from any other oil stove. Cuts fuel expense in two. Made in three sizes. Every stove warranted. If not at your dealer's, write our nearest agency for descriptive circular.

The **Rayo Lamp** can be used in any room and is the best and safest all-round house lamp made. Gives a clear steady light. Brass throughout and beautifully nickel-plated. Equipped with the latest improved burner. Handsome—simple—satisfactory. Every lamp warranted. Write our nearest agency if you cannot get it from your dealer.

STANDARD OIL COMPANY (INCORPORATED)

## THIRTY-TWO KILLED

Shriners Meet Death in Wreck at Honda, Cal.

MANY OTHERS ARE INJURED

Train Strikes Defective Switch and Is Piled Into a Jumbled Mass of Twisted Iron and Splintered Wood—Terror and Turmoil Indescribable.

Santa Barbara, Cal., May 13.—While hurrying northward over the coast line of the Southern Pacific railroad, homeward bound after a week of fraternizing and fiesta in Los Angeles, 145 Shriners of Ismailia temple of Buffalo N. Y., and Rajah temple of Reading, Pa., with their families and friends, were hurled into the midst of death when their special train running fifty miles an hour struck a defective switch at Honda, a lonely station on the sand wastes of the Pacific beach, derailed the train, smashing the coaches into flinders, killing thirty-two almost instantly and injuring more than a score of others. The bodies of twenty lie in the morgues of Santa Barbara and ten more are at San Luis Obispo. The injured, many of whom are terribly hurt and will probably die, are in two sanitariums at San Luis Obispo.

Following is a list of the dead now in the Santa Barbara morgue: J. Douglass Hipple, H. K. Gittleman, A. L. Roth and Gilbert Steffe, all of Reading, Pa.; W. D. Wasson, Buffalo, N. Y.; J. W. Cutler, Binghamton, N. Y.; Charles M. Lowing, Pullman conductor, Buffalo, N. Y.; C. W. Austin, New York; John Lacey and R. W. Sweeney, negro dining car waiters; Mrs. William W. Essick, Reading; Mrs. John W. Cutler, Binghamton, N. Y.; Mrs. Henry J. Fisher, Cleveland; Miss Caro Young, Cleveland; Mrs. Brumbach, George N. Hagerman, Benjamin Stoltz, Harrison R. Hendel, Oliver F. Kauffman and Harry G. Miller, all of Reading, Pa. The following dead are at San Luis Obispo: S. Snyder, Mrs. S. Snyder, Richard Essick, Thomas J. Prunlauch and Miss Stoltz, all of Reading, Pa.; L. N. Ellenbogen and wife, Allentown, Pa.; Howard Moyer, Hazelton, Pa.; Alonzo B. Rogers, St. Paul, Minn., Pullman conductor; unidentified woman, probably Mrs. Mary C. Ivins, Reading.

### Death List Increased.

S. A. Bickford, brakeman, of San Francisco, who was fatally injured, died at San Luis Obispo, and Charles S. Henry, Lebanon, Pa., died in this city, bringing the total death list up to thirty-two.

The wreck occurred exactly one hour and forty-five minutes after the conclave visitors forming a merry party had spent all the morning sight-seeing in Santa Barbara. The statement that the train was making a terrific speed when it struck the defective track is borne out by the fact that it covered the sixty-one miles of curves and crooked track between here and Honda in exactly 100 minutes.

There was no warning of the impending calamity. The special plunged upon the defective switch and in an instant the big locomotive, baggage car, diner and Pullman coupled with it were hurled together in a huge heap of wreckage. The engine shot forward on the broken track, tearing up the rails and ties and twisting the huge iron spans into fishhooks. The baggage car half buried itself in the sand on the right side of the locomotive. It was smashed almost to kindling wood.

The dining car, in which were thirty-two persons eating their noonday meal, leaped into the air and was thrown directly on top of the demolished locomotive. Nearly every person in this coach was instantly killed. Scores were scalded by steam escaping from disconnected pipes in the kitchen of the diner.

The terror and turmoil of the scene were indescribable. Many of those who escaped instant death by the first impact were crushed by the rear coaches hurled upon the wreckage. Others pinioned in the debris were roasted alive. The wreckage caught fire from the coals of the engine, but was extinguished in a few minutes by the passengers who escaped injury.

### Did Not Know He Was Hurt.

Engineer Frank Champlaine was pitched with his cab twenty-five feet beyond the engine and got up and ran three-quarters of a mile seeking help before he discovered that his arm was broken and that he was severely scalded.

A man standing behind his wife in the baggage car was hurled through a huge rent in the roof and alighted in soft sand almost uninjured. The woman was forced through the floors and wreckers had to lift tons of baggage to get her body out.

But the unfortunates who occupied every seat in the dining car were caught in a veritable death trap. Only two of the nine men of the diner crew are numbered among the dead. The

remainder, though cooped up in the narrow kitchen and pantry, sustained bad cuts and bruises.

A last call for luncheon had just sounded a few minutes before the disaster.

Rajah temple of Reading occupied the last car on the train and were the last ones to go forward to the diner. The car was filled almost entirely with Reading people when the wreck occurred. An instant after the smash those who were not rendered insensible or otherwise incapacitated by the terrible impact jumped from the train to render aid, but the gruesome scene before them unfitted many for the work they had to do long hours before relief arrived.

Frightened women peering through the windows of the undamaged sleeper fainted when they saw the bodies of their friends strewn along the roadside, blood from the wounds staining the sand drifts all about. Men who toiled hard at the task of rescue collapsed completely, many of them before the work was finished.

Mrs. John W. Cutler of Binghamton, whose husband is also among the killed, was in the baggage car at the time of the crash, where she had gone to rearrange her trunk. Her body was driven literally through the floor and the wrecked car had to be jacked up before it could be released.

Mrs. Fred Grummond of Binghamton was with her and also went down under the tons of baggage and broken timbers.

When rescuers burrowed their way to where the two women lay, the living reached out and grasped the feet of one of the men and shouted:

"I'll not let you go until you get me out."

Then a gust of scalding steam enveloped her and she was terribly burned. She was rescued alive, however, and was among those taken to San Luis Obispo.

When Miss Cora Young of Cleveland was taken from the shattered diner she was still alive but frightfully injured. Her entire body had been showered with boiling water and when women friends removed her corset the imprint of the stays was left deep in the scalded flesh.

There were countless deeds of courage and heroic self-abnegation. A D. Hagerman of Reading, Pa., refused the aid of his brother nobles after they had dragged him, fatally hurt, from the wreck.

"I am dying," he said, "go help the women."

### Heroic Efforts All in Vain.

Sander Deabald of Cleveland worked heroically but unavailingly to save the lives of two women pinioned beneath the diner. The flames had broken out amid the wreckage and were burning all about the prostrate forms of the women. Burrowing his way into the smoldering, splintered wreck, Deabald with a hose which he had wrenched from a coach connection spouted water from an adjacent tank and extinguished the flames. Then he reached down and after cutting away the broken timbers that held her fast took Mrs. William Essick of Reading, Pa., from the ruins. She was begging piteously for relief when Deabald reached her. After he lifted her from the wreckage a stream of boiling water poured over her, searing her body terribly. Women passengers sought to remove her upper garments, but fainted when the flesh came off with the clothing. She expired a few minutes after being carried out on the sand and Deabald was forced back in to the sleeper, unable to longer endure the harrowing sight on every hand.

"It was the most horrible sight I ever laid eyes on," he said. "Whenever I touched her the prints of the fingers remained in the almost fluid flesh."

It was some time after the wreck had occurred before a word of it reached the outside world. As soon as one of the uninjured trainmen could make his way to the station word of the wreck was flashed to railroad headquarters at San Luis Obispo. Immediately special trains were arranged for and a corps of physicians and nurses gathered hurriedly together was quickly on the way to the wreck. By the time the relief trains arrived the work of rescue had been nearly completed by those who had escaped the disaster unhurt. Twenty-five bodies lay in rows on the sand beside the track. The injured, many of them unconscious and dying, were scattered about the vicinity on piles of bedding and plush seats brought from the Pullmans.

The injured were removed to San Luis Obispo and the dead were brought to this city. Before the special bearing the injured had reached San Luis Obispo five more had succumbed to their terrible wounds.

### From the New England States

If any one has any doubt as to the virtue of Foley's Kidney Cure, they need only to refer to Mr. Alvin H. Stimpson, of Williamantic, Conn., who, after almost losing hope of recovery, on account of the failure of so many remedies, finally tried Foley's Kidney Cure, which he says was "just the thing" for him, as four bottles cured him completely. He is now entirely well and free from all the suffering incident to acute kidney trouble. H. P. Dunn & Co.

## DISTILLERY DESTROYED.

Heavy Loss From Fire at Belleville, Ontario.

Belleville, Ont., May 13.—The distillery and grist mill of the H. Corby company have been destroyed by fire, originating, it is believed, from spontaneous combustion. A tank containing 3,700 gallons of whiskey and over 200,000 pounds of corn, rye and barley were consumed. The loss is placed at \$250,000.

## Superior in Strength

A. G. Elliott was up from Little Falls  
to spend Sunday with his family, re-  
turning to his work this morning.

B. McCullough and Jack Dahill, ma-  
chinists, left this morning for St. Paul,  
where they have accepted positions.

Because it is wholesome and pure; be-  
cause it is leavening strength and is  
reliable—use Hunt's Perfect Baking  
Powder.

S. C. Osterlund was down from Ait-  
kin over Sunday. He expresses himself  
well satisfied with the town and his  
position there.

Wm. Germinder returned this morn-  
ing from a three years sojourn in Okla-  
homa. He will visit relatives here for a  
few weeks and will then go to Colorado  
to reside.

Holton Mosher, who underwent an  
operation at St. Joseph's hospital last  
week was taken to his home in Motley  
yesterday. He will return in a couple  
of weeks for another operation.

J. A. Hagberg came up from Minne-  
apolis Saturday for a few days visit  
with old friends here. He is now em-  
ployed with the Baneret Publishing  
Co., of Minneapolis, and is on the road  
most of the time. He reports himself as  
prospering.

John Hall, who has been night clerk  
at the Ransford hotel for nearly a year  
has resigned his position and will take  
charge of a hotel at Mahomen, Minn.,  
for the Soo road. Mr. Hall's many friends  
will be sorry to see him leave. Mr.  
Haight, formerly a clerk at the North-  
ern Pacific at the shops, will succeed  
him as night clerk at the Ransford.

Word has been received in this city  
of the birth of a daughter to Mr. and  
Mrs. Ray Seelye. Mr. Seelye, who was  
born and brought up at Brainerd, and  
who has many friends here, has just  
been transferred, by the Amalgamated  
Copper Co., for which he was a mines-  
superintendent at Michipicoten, Can., to  
Sault Ste. Marie. He is now general  
superintendent of mines with a salary  
of \$10,000 a year.

To The Ladies,

formerly of Brainerd, will be pleased to  
learn that he is to be married in a few  
days to a Mrs. Waite, a charming lady  
of Couer de Alene, Idaho, where Mr.  
Seelye is now building a fine home. The  
many Brainerd friends of Mr. Seelye  
will extend hearty congratulations.

All kinds of job work neatly executed  
at this office.

## GUIDE DIED OF EXPOSURE

SPECIAL TO THE DISPATCH:

Pine River, Minn.—Ed. Archibald, a  
guide at the Kabekona summer resort  
25 miles from here, was found dead at  
Birch Point on the broadwater between  
Girl lake and Woman lake, by a party  
who had gone in search for him.

Archibald had left his shack near  
Kabekona on Wednesday morning for  
Longville where he spent the day. In  
the evening while returning he stopped  
at the home of Frank Pinckert, another  
guide, and had supper. After supper  
he started for home but missed his way  
and came back and spent the night.  
In the morning—Thursday—he started  
for home again and when last seen was  
on the right course in his row boat on  
the way home across the lake.

He was not missed until Sunday when  
Guide Pinckert and five others started  
in search for him, and found him as  
above stated. The prevailing opinion is  
that he died of exposure for the reason  
that he had a quantity of liquor with  
him of which he had drank too freely.  
They found where he had made three  
different fires to warm himself. His  
watch and money was found intact so  
that there is no reason to believe that  
he met his death except as above stated.  
The party took the body to Longville  
and the coroner was summoned from  
Walker.

Archibald was a pioneer guide at Ka-  
bekona, having been there since the  
camp was first started, eleven years ago.  
He formerly in early days also guided  
at Detroit, Minn. He was 55 years old.  
Nothing is known of his relatives except  
that he has been heard at times to  
speak of his father and mother at  
Montreal.

## WAS A GOOD GAME

North Star Base Ball Club Put up Good  
Fight Against the Crack Staples  
Team Yesterday

The North Star base ball team went  
to Staples Sunday noon and crossed  
bats with Staples aggregation in the  
afternoon. Despite the fact that our  
boys have been badly handicapped for  
lack of good ground to practice, the  
boys held the Staples team down to four  
runs, while they gathered three scores  
off the fast pitcher of division town.  
If the boys can make arrangements for  
home grounds, as they now hope to be  
able to do Brainerd will see some fast  
ball games this summer. Every mem-  
ber of the team is a home man and an  
amateur and they should have and  
doubtless will have the support of the  
citizens.

Dr. Bruns

The Optometrist who is meeting with  
elegant success in fitting glasses, will be  
at Hotel Ransford May 22 and 23. Eyes  
examined free.

## AN INJUNCTION IS ASKED FOR Con O'Brien Brings Suit Through W. A. Fleming, to Restrain City Council

## FROM BUYING STEAM ROLLER

### City in Debt and No Funds Avail- able—No Need for Roller Also Alleged

As forecasted by THE DISPATCH some  
time ago suit has been commenced  
against the city council, mayor and city  
treasurer of the city of Brainerd to en-  
join them from purchasing a steam road  
roller. The complaint, after reciting  
the laws under which the taxes are  
levied and expended, declares that the  
city has expended \$25,000 in the current  
expense fund in excess of the amount on  
hand or levied and that this amount is  
in excess of the amount of indebtedness  
permitted by law. It further alleges  
"That there is no immediate need of  
such road roller and no necessity there-  
fore for any purpose whatever." The  
summons sets May 17th at 3 o'clock in  
the afternoon or as soon thereafter as  
counsel can be heard at Aitkin as the  
time and place for hearing the petition  
for an injunction.

Of all the fruits there are in the land,  
That grow on bush or tree,  
I would give up the choicest ones  
For Hollister's Rocky Mountain Tea.

houses thereon within 15 minutes walk  
of the N. P. shops for sale. G. W.  
Holland. tf

## BRAINERD TWENTY YEARS AGO

Dispatch Files of Twenty Years  
Ago this Week.

Assessor Reilly is now making the  
rounds.

Rev. T. A. Vaudry was in the city the  
first of the week.

The school at Pillager opened on  
Monday with Miss May Harrison of  
this city as teacher.

Johnson & Bain are building an addi-  
tion on the rear of their drug store to be  
used as a store room.

The home of Mr. and Mrs. C. M.  
Patek was gladdened on Monday by the  
arrival of a healthy 10-pound boy.

Mr. and Mrs. N. H. Ingersoll have  
been quite ill the past week with  
measles, but are now convalescing.

Dr. Hemstead left on Tuesday's noon  
train for a trip to Omaha, Kansas City  
and St. Louis. He will be gone about  
two weeks.

Miss Minnie Merritt, who has been  
attending school at the academy at  
Minneapolis, returned home on Tues-  
day. She has accepted a position as  
teacher of the Oak Lawn school and  
will begin teaching next Monday.

Fred Ingraham, of Chicago, arrived  
in the city on Tuesday evening, and re-  
turned home Thursday morning. The  
gentleman is a silent partner in the  
firm of D. M. Clark & Co. and was in  
the city on business connected with the  
firm.

W. A. Fleming and F. L. Matteson on  
Monday purchased S. P. Fleming's  
grocery store in East Brainerd and will  
continue the business at the old stand  
under the firm name F. L. Matteson &  
Co.

Miss Flora Halsted entertained a  
party of little girls at the residence of  
her father on Broadway on Monday last,  
the occasion being the eleventh birth-  
day of the little lady.

Mrs. Flora Campbell, of Ada, arrived  
in the city this morning. She was  
called here by the sickness of her  
daughter, Mrs. N. H. Ingersoll.

Mr. Kindred stated to a DISPATCH  
scribe that he would have a mile of  
street car in operation by July first. It  
will be built from the Villard hotel ac-  
ross the ravine bridge, through East  
Brainerd to the dam.

C. H. Conklin, for the past four years  
the senior member of the firm of Con-  
klin, Clark & Co., has sold his interest in  
the business to his partners, and will re-  
tire from business life until he shall en-  
tirely have recovered the use of his  
limb.

Mr. A. Dewey arrived in the city the  
first of the week to commence the pub-  
lication of a new daily paper.

C. S. Schoeneman, of Chicago, a  
brother of Mrs. Patek and Mrs. Cohen,  
was in the city the first of the week.

Beware of Ointments for Catarrh that  
Contain Mercury.

as mercury will surely destroy the sense of smell  
and completely derange the whole system when  
entering it through the mucous surfaces. Such  
articles should never be used except on prescrip-  
tions from reputable physicians, as the damage  
they will do is ten fold to the good you can pos-  
sibly derive from them. Hall's Catarrh Cure,  
manufactured by F. J. Cheney & Co., Toledo, O.,  
contains no mercury, and is taken internally,  
acting directly upon the blood and mucous sur-  
faces of the system. In buying Hall's Catarrh  
Cure be sure you get the genuine. It is taken  
internally and made in Toledo, Ohio, by F. J.  
Cheney & Co. Testimonials free.  
Sold by druggists. Price 75c per bottle.  
Take Hall's Family Pills for constipation.

## The more you examine

a RALSTON HEALTH SHOE the better you  
like it; for it is made throughout with the same in-  
finite regard for detail and finish which gives it all  
the appearance of a \$5.00 or \$6.00 shoe, but this is  
not all; for, owing to the scientific construction of  
the lasts which follow absolutely the lines of the  
foot, they feel comfortable from the moment they  
are first tried on. If you can find a better shoe for  
the money we would like to have you show us. If  
you can't,

## Let us show you.

## SUGAR AND TOBACCO.

Cuba's Two Great Crops Record  
Breakers This Year.

Havana, May 13.—Cuba's great twin  
crops, sugar and tobacco, have both  
been record breakers this year, sugar  
for the size of the crop and tobacco  
for the scarcity of all except the very  
choicest grades of the leaf.

While the full amount of the sugar  
crop is not yet accurately determined,  
the last of the grinding being in pro-  
gress, there is little doubt that it will  
reach a total of 1,300,000 tons against  
1,200,000 last year.

The shortage of the tobacco crop,  
owing to the lack of rain, has been in  
a measure compensated for by the ex-  
cellence of the quality. Not since  
1902, it is said, has the quality of the  
wrappers been so good as this year.

## LOCKED IN HIS OWN JAIL

City Jailer of Newport, Ky., Arrested  
in Raid on a Crap Game.

Cincinnati, May 13.—As a result of  
anti-gambling agitation in Newport,  
Ky., a peculiar situation developed in  
connection with numerous arrests.  
Chief Lickert, assisted by nearly  
every member of the police force,  
raided a crap game almost opposite  
police headquarters. The proprietor  
and about twenty-five well known citi-  
zens were caught and every cell in the  
jail was crowded.

City Jailer Ben Ploeger was among  
those captured and he experienced the  
unusual sensation of being locked up  
in his own jail. It was found neces-  
sary to release Ploeger on bond first  
so that he could officially release the  
others as fast as bond was offered.

## A STRIKE ON AT THE SHOPS

Laborers in Storekeeper's Department Walked Out Early This Morning

WANT TWO DOLLARS A DAY  
Have Been Receiving \$1.75 and Demand Increase—No Signs of Violence

The laborers on the scrap gang and a part of the gang in the store department at the Northern Pacific shops walked out this morning. These men have been receiving \$1.75 per day and demanded \$2. This was refused and they quietly quit work this morning to the number of about 50. They were told to come for their checks this afternoon and the company expects to replace them with new men. The men left the shop grounds at once quietly and there is no indication of any trouble or violence. O. E. Wakefield, of St. Paul, who is one of the head officials in the supply department of the railroad, is here and has, it is reported, assumed charge of the local situation for the company.

## Farm, Home and Garden.

Short, pointed statements of methods and results in Crow Wing county are requested for this column. Address all communications to Farm Editor, Box 1516, Brainerd, Minn.

The agricultural colleges are taking a lively interest in the "gasoline milkmaid," as the milking machine has been termed. She is in the same category with the flying machine as far as she remains tickle and unreliable.—American Farmer.

John Hosmer, of Missouri, who has succeeded in building up a worn-out farm and is making it pay \$4,000 a year profit largely from a successful dairy, says: "The income annually from an average good cow should be close to \$65 for butter fat and \$12 for skimmed milk. Her calf is worth about \$2 from the dairy standpoint, as it is taken away from its mother as soon as possible. A cow should begin milking at two years of age and continue in vigor until she is twelve years old."—American Farmer.

## IS NOT GOOD FOR FARMING

W. R. Clark is Emphatic in His Opinion That Washington is a Failure

### FOR AGRICULTURAL PURPOSES

Says the Farmer in Minnesota Has Much Better Chance to Make Money

W. R. Clark, better known among the employees of the Northern Pacific railroad as "Scotty," was a caller at The DISPATCH sanctum Saturday. Mr. Clark, who lived on a farm near this city for many years while working for the railroad company, and who is a practical farmer, has been in Washington for the past couple of years, and is at present living on a ranch near Seattle. He is out-spoken in his opinion that as a farming proposition the state of Washington is much over rated. He says that had he built on and opened up another piece of land which he owned here, instead of going west and buying he would have been \$1,000 ahead today.

The state of Washington, at least around Seattle, is dependent today upon Minnesota for potatoes, and upon Minnesota and Iowa for hay and corn. He states that he has fed his stock for the six months prior to April first on hay shipped from Minnesota at from \$30 to \$40 per ton. Potatoes are \$40 a ton in Seattle now.

When he went there they told him he could plant potatoes in February, and he did, but the potatoes planted April first came up before those planted in February and were stronger plants. There is grass which looks like good feed all winter, but an animal will starve to death on it he says. Apples he says are plenty, but are not as good as eastern apples and the grower is entirely at the mercy of the commission-men.

Mr. Clark says that if men kick on the work of clearing land here they should go there once. The big fir trees have roots which run out almost at the surface of the ground and it is almost impossible to do anything with the land until they are all grubbed out and that costs \$100 per acre.

The city of Seattle he says is a great city, but it seems to him that prices are now above what they can be maintained. Lots are fabulous in price and it seems impossible that they can be maintained. Mr. Clark is still hanging onto 500 acres of Crow Wing county land and it would not be surprising to see him back among us to stay before many years.

Kidney complaint kills more people than any other disease. This is due to the disease being so insidious that it gets a good hold on the system before it is recognized. Foley's Kidney Cure will prevent the development of fatal disease if taken in time. H. P. Dunn & Co. mwfwd

## MUSIC AND DRAMA

### "A Cowboy Girl"

A wave of popularity for things western seems to have struck the entire country. Even our greatest theatrical managers, the arbiters of our pleasures, have taken up the fad. "Arizona," "The Squaw Man" and "The Girl of the Golden West" are proofs positive of their good judgment. The latest and best of this style of popular plays is entitled "A Cowboy's Girl" and will be presented here. Mr. Perce R. Benton, the well known promoter of things theatrical has surrounded "The Cowboy's Girl" with every accessory known to stage craft with the happy result of telling in the most entertaining way a new and beautiful story of the plains. At the opera house tomorrow night.

### For Her Brother's Sake.

The various characters in the new and successful comedy drama "For Her Brother's Sake" are all types taken from real life, clean cut, vivid, natural, their personalities reach over the footlights and grip the auditor with the power and tenaciousness of an octopus. The company presenting this powerful play is adequate in every respect while the scenic and mechanical effects are elaborate and costly. "For Her Brother's Sake" will be the attraction at the opera house on Friday, May 17.

### Notice to our Customers

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. H. P. Dunn & Co. mwfwd

## THE SHOP MEN TO HOLD PICNIC

Have Received Promise of Equipment and will Hold Annual Picnic June 22

PLACE NOT YET DECIDED

Committee visited Deerwood Yesterday—Meeting to be Held Tonight to Decide

The Northern Pacific shop men will have their annual picnic this year. Last year they were unable to secure the necessary equipment from the company, but this year they have received the promise of eight coaches and a baggage car. The location of the picnic has not yet been decided. It is reported that the choice will be either Smiley or Deerwood. A committee consisting of Tim Toohy and G. H. Woerner went to Deerwood yesterday to look over the situation there. They were to confer with T. J. Tyler regarding the use of Minister's point and then report to a meeting which will be held tonight when the location will be decided upon and the active preparation for the picnic commenced.

### Disturbed the Congregation

The person who disturbed the congregation last Sunday by continually coughing is requested to buy a bottle of Foley's Honey and Tar. H. P. Dunn & Co. mwfwd

## RAILROAD NEWS

Items of Interest Regarding Railroads and Railroad Employees

### A NEW DIVISION

J. E. Raver has been appointed superintendent of a new division on the Northern Pacific, with headquarters at Fargo. According to a circular just issued, a new division has been created, extending from the east end of the Red river bridge to the easterly switch at Jamestown and including, besides the main lines, the Casselton, Copperstown and Fargo-Southwestern branches. This change splits in two the Dakota division, a change made necessary by the immense amount of business which the Northern Pacific is handling in the state.

A substantial increase in freight rates to points east of Chicago will go into effect the first of July. Duluth railroad men are daily receiving tariffs announcing the changes, which will be quite numerous. Some of them will be in force before July 1, but most of them will not become effective until that date.

### Pine Tree Gun Club

The Pine Tree gun club held its second shoot at their club grounds about half a mile east of the N. P. shops just south of the Duluth tracks, yesterday morning. Twenty-five birds were shot at by each member of the club. Following is the score:

Joe Brant	13
Elmer Forsberg	19
Hilmar Wilson	12
Chas. Falkenreck	11
Ray Long	6
Chas. Long	2
Anton Funk	10
Geo. Funk	8
Frank Maloney	15
Henry Stein	10
Walter Stein	11
Geo. Ebinger	13

## SAD DEATH OF MRS. GEO. TRENT

Estimable Brainerd Lady Died Very Suddenly Last Saturday Evening

### FUNERAL TUESDAY MORNING

At St. Francis Catholic Church Followed by Interment in Evergreen Cemetery

The community was shocked Sunday morning by the news of the death of Mrs. George Trent, which occurred at St. Joseph's hospital Saturday evening from heart failure as a result of hemorrhage following child birth. The little life also went out with that of the mother. The funeral will take place Tuesday morning at 9 o'clock, from St. Francis church, followed by interment in Evergreen cemetery.

Katherine E. Hennessey was born in Bangor, Maine, May 17, 1868 and would have been thirty-nine years of age had she lived until Friday next. She came to Aikin, Minn., with her parents when only a year old and her entire girlhood was spent in that place. She was married June 29, 1887 to Geo. E. Trent, who survives to mourn her loss. To them were born five children, May, George, Clyde, Teddie, who died in Long Prairie about two years ago, and Robert. Besides the husband and children her father, Mr. Hennessey, two sisters, Mrs. Wm. Hendron and Miss Abbey Hennessey, all of Bellfield, N. D., and one brother, John Hennessey, survive her. All are expected here to attend the funeral.

Mrs. Trent was a woman of lovely character, as a lady who knew her intimately remarked, "Words could not not express the beauty of her life. She was a devoted mother and a fond and faithful wife." The blow of her death, coming so suddenly, falls with almost crushing force on the bereaved husband and family. They have the sincere sympathy of the entire community.

Mrs. S. Joyce, 180 Sullivan St., Claremont, N. H., writes: "About a year ago I bought two bottles of Foley's Kidney Cure. It cured me of a severe case of Kidney trouble of several years' standing. It certainly is a grand, good medicine, and I heartily recommend it." H. P. Dunn & Co. mwfwd

### MYSTERIOUS AFFAIR.

Body of Youth Found in Front of His Father's House.

Indianapolis, May 13.—Paul Edward Green, a traveling salesman for a Chicago wholesale shoe house, who resides in this city, is being held pending an investigation of the death of his seventeen-year-old son, Newell Green. The boy was found dead in front of his father's house with two bullet wounds in his head. According to the police there is much mystery connected with the affair. The young man has not been living at home but has been staying with Green's first wife, who lives at Muncie, Ind.

In a statement to the police, it is reported, the father states the boy called at his home at an early hour and made a peculiar request. Upon closing the door four revolver shots rang out, he says, but he paid no further attention to the matter until awakened by the police officers, when he was acquainted with the real state of affairs.

Don't take any risks but have Dr. Adler's Treatment in the house. No appendicitis in your family then. Johnson's Pharmacy. 16

### Costly Fire in Chicago.

Chicago, May 13.—A loss estimated at \$100,000 was caused by the burning of a four-story building, on the east side of Desplaines street, near Mather street, occupied by the Chicago Feather Duster company. The fire is thought to have been due to the explosion through spontaneous combustion of oil stored in an adjoining building.

Artists have no trouble in securing models. The famous beauties have discarded corsets and have become models in face and form since taking Hollister's Rocky Mountain Tea. 35 cents, tea or tablets. H. P. Dunn & Co.

### Snow In New York.

New York, May 11.—Snow fell to a depth of two inches throughout the Adirondack section. Syracuse, Rochester, Buffalo and other up-state points also suffered from a miniature blizzard. In this city there was a severe thunderstorm.

Orino Laxative Fruit Syrup is best for women and children. Its mild action and pleasant taste makes it preferable to violent purgatives, such as pills, tablets, etc. Get the booklet and a sample of Orino at H. P. Dunn & Co. mwfwd

### Quite a Change in Form.

"You don't care much for social forms?" "No," answered Mr. Cumrocks. "It's kind of hard to get used to 'R. S. V. P.' when you've been accustomed to 'C. O. D.'"

It's too bad to see people who go from day to day suffering from physical weakness when Hollister's Rocky Mountain Tea would make them well. The greatest tonic known. 35 cents, tea or tablets. H. P. Dunn & Co.

## FAIR PLAY.

The American People are Noted for Their Love of Fair Play. So True is This, That It May Be Said To Be a National Trait of Character.

The man who strikes another a foul blow, or maliciously tries to injure him in his business, or in his social standing is detested and abhorred. The American people are not generally slow to manifest their disapproval of such unfair treatment when an opportunity is afforded.

Illustrative of this disposition is the fact that although base, false and malicious attacks upon Dr. Pierce, of Buffalo, and his widely celebrated Family Medicine have sometimes injured the sale of these meritorious remedies for a time, yet when such unjust assaults have been met and their falsehoods completely refuted, a natural reaction has followed and their sale has been fully restored again.

In the case of the *Ladies' Home Journal*, of Philadelphia, which, in 1904, published a most maliciously false, slanderous and libelous article, attacking Dr. Pierce and his "Favorite Prescription"—the well-known cure for woman's peculiar weaknesses and distressing ailments—Dr. Pierce brought suit in the Supreme Court of the State of New York against the publishers of that paper and a verdict was given the doctor, the judgment being for a substantial amount (\$10,000.00) not for enough to properly recompense Dr. Pierce for the great injury and injustice done him. While he and his "Favorite Prescription" were completely vindicated and the latter remedy was proven, in open court, to contain no alcohol and none of the dangerous and injurious drugs which the above mentioned paper had alleged it contained, yet Dr. Pierce has, through his attorneys, moved for a new trial trusting that thereby he may finally be accorded a more just and adequate compensation for the great damage which he was made to suffer by reason of the base falsehoods published concerning him and his business.

There are hundreds of thousands of people all over this blessed country of ours who have been cured of obstinate, chronic diseases through the use of Dr. Pierce's Medicines and it is only natural that such people should rise up and speak their sentiments pretty freely when Dr. Pierce and his medicines are so unjustly attacked.

These grateful patients of Dr. Pierce are to be found in almost every hamlet and country village, and in the farm-houses and mechanics' cottages in every nook and corner of this great country. Common gratitude prompts such people to stand up and defend Dr. Pierce and his medicines against unjust and malicious attacks.

Dr. Pierce's Medicines have been on sale in drug stores all over this country and in many foreign lands for more than forty years and yet their sale continues to grow in a substantial and most gratifying way. This could not be the case if they were not remedies of more than ordinary merit.

### WHAT DO THEY CURE?

Dr. Pierce's Favorite Prescription is not advertised as a "Cure All" but admirably fulfills a singleness of purpose, being a superior and most positive remedy for one class of diseases only—those easily recognized weaknesses, derangements, irregularities and painful disorders peculiar to women. It is a powerful, yet gently acting, invigorating, tonic and strengthening nerve. For weak, worn-out, over-worked women—no matter what has caused the break-down, whether it be from too frequent bearing of children or from much worry, care, or over exertion of any kind, "Favorite Prescription" will be found most efficient in building up the strength, regulating all the womanly functions, banishing pain and bringing about a regular and healthy, vigorous condition of the whole female system. Thus it corrects prolapse, or falling of womb, retroversion, anteversion and other displacements of the female pelvic organs, due to weakness or over exertion, lifting or fatiguing over-work. In short, it makes weak women strong and sick women well.

As to Dr. Pierce's Golden Medical Discovery it has a very large range of application, yet it is by no means recommended as a "Cure All." It possesses marvelous alternative or blood cleansing properties and is at the same time a most invigorating tonic, or strength giver. It exerts a specific, cleansing, soothing and healing effect upon all the lining mucous membranes of the system; hence, its great curative value in all catarrhal affections, no matter where located.

In Chronic Nasal Catarrh, it is well to cleanse the passages two or three times a day with Dr. Sage's Catarrh Remedy fluid, while persisting in the use of the "Golden Medical Discovery" for its blood cleansing and specific curative effects upon the diseased mucous membranes. It will cure a very large per cent. of all cases, even after they have reached the ulcerative, or chronic stage, and no matter of how many years' standing they may be. It is equally efficacious in affections of the mucous lining of the larynx, bronchia and respiratory organs in general, thus curing bronchitis, laryngitis and other affections giving rise to obstinate, hang-on-coughs. It is not so good in acute coughs following sudden colds, as in the lingering, chronic coughs. Nor must the "Golden Medical Discovery" be expected to work miracles. It will not cure consumption in its advanced stages—no medicine will do that, but for all obstinate hang-on-coughs due to laryngeal or bronchial irritation and kindred affections, of the throat which, if neglected or badly treated, are likely to lead up to consumption, the "Discovery" can be relied upon to produce the best curative results.

The "Golden Medical Discovery" is, from its tonic and specific curative control over mucous surfaces, especially efficacious in curing indigestion, dyspepsia, weak stomach and "Liver Complaint," or biliousness. Even ulceration of the stomach and bowels has in thousands of cases been cured by it; also obstinate chronic diarrhoea.

In addition to all the foregoing, not the least valuable of the marvelously efficacious properties possessed by the "Discovery" is the unequalled regulating and strengthening effect exerted by it over the heart's action. It has made some wonderful cures of very pronounced valvular and other affections of that organ.

The reason why "Golden Medical Discovery" cures so wide a range of diseases is made plain in a booklet sent free on request mailed to Dr. R. V. Pierce, Buffalo, N. Y. If interested, send for it. The powerful alternative or blood purifying properties possessed by the "Discovery" will naturally suggest its use for the cure of blotches, pimples, eruptions; as eczema, salt-rheum, and other skin affections in all of which it has made remarkable cures; also in scrofulous sores and old, open sores, or eating sores. To heal the latter, use Dr. Pierce's All-Healing Salve as a local application, while taking the "Golden Medical Discovery" to correct the blood and cleanse the system. A box will be mailed to any address on receipt of five cents in stamps. If your druggist don't have it in stock, address Dr. Pierce, as above.

### PLOT TO KILL ORCHARD.

Rumored That Witness Against Miners Will Be Shot.

Boise, Ida., May 13.—Harry Orchard, who is alleged to have killed Governor Steunenberg and upon whose confession William Haywood and his associates in the directorate of the Western Federation of Miners were indicted, is a closely guarded prisoner in the state penitentiary in the eastern suburbs of the city.

Various reports of threats to kill Orchard are in circulation, the last being a tale from Lewiston of a plot alleged to have been formed to shoot Orchard from the hills back of the prison. These stories lack confirmation. Reports from the prison say that Orchard will unquestionably repeat his confession in court and that he is ready for the fate made certain by his confession.

### CONFESSES TO CRIME.

Maine Youth Admits He Shot and Killed Another Boy.

Brunswick, Me., May 13.—Cherishing resentment over a boyish quarrel which took place two weeks ago, Sydney Preble, fifteen years old, shot and killed Morris W. Heath, aged eighteen years, in Bowdoinham. The crime was not discovered until M. S. Heath, father of the murdered boy, found the body buried under pine spills and leaves at the end of a swamp. Preble was arrested and immediately confessed.

### STRIKE MAY BE EXTENDED

Longshoremen at Boston and Philadelphia May Be Called Out.

New York, May 13.—President Patrick Connors of the Longshoremen's union expressed the opinion that the strike against the transatlantic steamship companies would be extended to Boston and Philadelphia if the companies sent their vessels to discharge and load at these ports. This the steamship officials here said they would do if sufficient help could not be secured here.

### FREIGHT TRAIN WRECKED

Two Men Killed and Another Fatally Hurt.

Denison, Tex., May 13.—In a freight wreck on the Missouri, Kansas and Texas railroad at Milford, Tex., Engineer E. J. Bevan and brakeman Lawrence Foley were crushed to death and Fireman H. S. Gardner fatally hurt.

The engine overturned on a bridge, catching members of the crew underneath. Fifteen cars were wrecked, most of them being empty.

## FIRE IN MEXICAN MINE

Imprisons Ninety Men, All of Whom May Perish.

### THIRTY-FIVE BODIES FOUND

But Seventeen Out of One Hundred and Seven Men in the Mine Escaped Alive—Fire Is Still Raging and Is Said to Be Beyond Control.

Mexico City, May 13.—According to a special dispatch which has been received from the city of Torreon, Coahuila, by the Associated Press, ninety lives were lost in a fire that occurred in the Cornethas shaft of Ternera group of mines in the town of Velardeña, state of Durango. The fire started early Friday night in an abandoned shaft. At the time there were 107 men working in another part of the mine and from what can be learned at this time but seventeen of them escaped. Thirty-five bodies have been recovered, according to the latest reports received from the scene of the disaster, but as the fire is still raging it is feared that few others imprisoned will be found. The origin of the fire is supposed to have been due to the carelessness of a miner who was smoking a cigarette in an abandoned drift through which he was passing.

The shaft, in which the fire is still raging and is said to be beyond control, is one of a group of the largest copper producers in the northern section of Mexico. The Germanheim interests are said to own the property. Owing to the remoteness of the region it has been difficult to receive details of the catastrophe and a list of the dead is unavailable at this time.

### HIDDEN DANGERS.

Nature Gives Timely Warnings That No Brainerd Citizen Can Afford To Ignore.

Danger signal No. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys secrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage. Danger signal No. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here's Brainerd proof:

Philip O'Neal, of 516 Norwood St., Brainerd, Minn., says: "Brainerd people have seen in the local papers the testimony I gave in 1890 recommending Doan's Kidney Pills, and many times I have been called upon to corroborate that statement in personal interviews. My confidence in Doan's Kidney Pills has not been lessened during the past six years. It has shown itself equal to all the claims made for it. I was a sufferer for a long time from backache and pains in the loins. The kidneys were too frequent and much disordered. The trouble became worse and worse and nothing helped it until I got Doan's Kidney Pills. At H. P. Dunn & Co.'s drug store, I used this remedy faithfully until the annoyance from the kidney secretions ceased and the pains and backache disappeared. The cure then effected has been most gratifying and altogether permanent."

For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no other.

Mob Wrecks a Club.  
Madrid, May 13.—A mob of Republicans wrecked the Carlist club and the office of the Carlist newspaper at Victoria. There was lively street fighting. The rioters were dispersed by the civil guard after a short tussle.

## The Nerves of School Children

Dr. Weir Mitchell, the great American authority on diseases of the nerves, makes the following observations on school children's nerves:

As examination time approaches headaches become frequent as the result of eye strain and exhausted nerves. St. Vitus' Dance is preceded by incessant winking, shrugging of the shoulders and twitching of the face muscles.

Girls become hysterical, nervous, cry easily, get fidgety, etc.

Under these circumstances the system demands such assistance as is afforded by Dr. A. W. Chase's Nerve Pills.

Failure to restore the depleted nerves makes a complete failure of health almost certain, for nervous diseases do not get well of their own accord.

Because of their mild and gentle action and extraordinary restorative influence Dr. A. W. Chase's Nerve Pills are especially suited as a treatment for pale, weak and sickly children.

They instill new vigor into brain and nerve, add new firm flesh and tissue and build up the system generally; 50 cents a box, at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.
